Martha Justice Ministry at COP15

Darlene O'Leary, Coordinator of Martha Justice Ministry, will be joining a delegation at the UN Biodiversity Conference (COP15) in Montreal. The conference runs from Dec 7-19.

We will join faith groups in calling for Canada and all countries to protect our common home and the sacred web of life. We hope to see increased commitments and follow-through on the protection of biodiversity through halting and reversing biodiversity loss, rights-based conservation that supports Indigenous leadership, and connecting conservation and climate action.

Check the Marthas' Facebook page for updates.
